

xsign were appointed to design, manufacture and install wayfinding signs at the new state-of-the-art Chiltern Academy in Luton.

Internally, the scheme features 3mm frosted lucite Puzzle door signs and 4mm general signs, 1800dpi high-res directory signs, 4mm frosted grey projecting signs, 4mm frosted floor level indicators and 1mm stainless steel FM tags.

Externally, we showcase the Chiltern Academy branding to brickwork with 3mm coated aluminium, and to the cladding we feature a 3mm brushed stainless steel with vinyl detail. We also showcase an external totem in single-sided, fabricated aluminium.
